

Master Naturalist PROGRAM

The Master Naturalist Program, spearheaded in 2010, is ideal for individuals who have a love for the outdoors, curiosity of the natural environment, a desire to work with others, and help support conservation measures that improve land health.

It is now time to apply for the 2014 summer training.

A select group of dedicated participants will experience a wide range of **FREE classes and hands-on field experiences totaling 55 hours this June and July.**

Upon completion of the classes, participants will carry out a 40 hour service project on Open Space properties during the course of the following year.

There is only space for 25 participants, so apply today!

For more information or to apply for the Master Naturalist Program, visit www.bernco.gov/openspace or contact the Open Space Coordinator at calangan@bernco.gov. Applications will be accepted until March 31, 2014.
