

Speakers Bureau

CONTACT US TO SPEAK TO YOUR ORGANIZATION

The Bernalillo County Open Space program encompasses 13 wonder-filled properties totaling 1,000 acres “from the mountains to the valley.” In addition to the beautiful backdrops these properties provide, we offer free workshops and educational events year-round.

To further our commitment to protect and preserve these special places, the county would be delighted to provide a free educational presentation to your organization. Presentations take approximately 20 minutes and include a video featuring the highlights of these lovely landscapes as well as our public programming efforts, including our resource-based recreational opportunities and educational events.

For more information about Bernalillo County Open Space, visit us on the web at www.bernco.gov/openspace, or email us at berncospeakersbureau@bernco.gov.

Bernalillo County's Open Space Program strives to be a dynamic network of properties with important natural and cultural resources - managed to benefit people, plants and wildlife by protecting and enhancing viewsheds, water resources, wildlife habitat, cultural/historic sites, and prime agricultural land - as well as providing resource-based recreation and environmental education.
