August 01, 2012

Dear Business Owner,

Bernalillo County has recently adopted the 2009 International Fire Code with local amendments; Ordinance number 2012-17. Part of these amendments is a new requirement for all businesses to obtain a Fire Safety Permit from the Bernalillo County Fire Prevention Bureau to conduct business. This permit will be issued upon approval of your annual fire and life safety inspection; which is conducted by the Fire Prevention Bureau. The permit is required to be posted next to your Bernalillo County Business License. The Fire Safety Permit is an addition to any other permits your business may be required to have to operate, i.e. cutting and welding, dispensing of fuel.

The purpose of the annual fire and life safety inspection is to provide the Bernalillo County Fire Department with current business owner contact information, identify the operations or processes being conducted at your business, as well as to ensure that your business meets the minimum fire and life safety requirements of the Bernalillo County Fire Code. The goal is to minimize potential damage and loss of revenue to your business through quick contact with your business representative in the event of an emergency, and to reduce potential hazards that could cause a fire. Identifying current operations at your facility also allows fire personnel the ability to respond with appropriate resources to minimize damage caused by fire or other catastrophic events.

If you have any questions or concerns please contact the Bernalillo County Fire Marshal at (505) 468-1340

Sincerely,

Fire Marshal Chris Gober
Bernalillo County Fire Department
